

Cybersafety

Use Agreement for Parents, Caregivers and Whanau

From time to time, Parents, Caregivers and Whanau may have the opportunity to use Princes Street Childcare Centre Internet facilities, network and other ICT devices such as mobile phones and digital cameras. This may arise while visiting the centre, at a centre activity off-site, or through the lending of Princes Street Childcare Centre ICT to children and families enrolled at the centre.

Our policy is that every adult must have signed a cybersafety use agreement before using the *centre's ICT* while visiting the centre, at a centre event, or borrowing any of centre's ICT equipment/devices.

The use agreement also contains guidelines covering the appropriate use of *privately-owned* ICT devices such as mobile phones while at Princes Street Childcare Centre

The agreement is based upon the Princes Street Childcare Centre Cybersafety Policy, which is designed to help maintain a physically and emotionally safe learning environment for our children, parents, and staff. A copy of the policy can be obtained from the management team.

We ask that all parents and caregivers who visit our centre, sign the following use agreement.

This helps to ensure that all use of ICT at Princes Street Childcare Centre is done so with knowledge of the centre's cybersafety programme and its aims.

If you have a query regarding this use agreement or our cybersafety policy, please feel free to discuss it with the management team before signing the acknowledgement.
